### About authID.ai

authID (Nasdaq: AUID) (formerly Ipsidy) provides secure, mobile, biometric identity verification software products through an easy-to-integrate Identity as a Service (IDaaS) platform. AuthID's suite of self-service biometric [identity proofing](#) and [authentication](#) products frictionlessly eliminate all usernames and passwords through a consent-based facial matching system. Powered by the most sophisticated biometric and artificial intelligence technologies, authID ultimately aims to re-establish security and trust between businesses and their customers by helping to protect sensitive personal data. For more information, go to [www.authid.ai](https://www.authid.ai).
