About authID

authID (Nasdaq: AUID) ensures cyber-savvy enterprises “Know Who’s Behind the Device” for every customer or employee login and transaction. Through its easy-to-integrate, patented, biometric identity platform, authID quickly and accurately verifies a user’s identity, eliminating any assumption of ‘who’ is behind a device and preventing cybercriminals from taking over accounts. authID combines digital onboarding, FIDO2 login, and biometric authentication and account recovery, with a fast, accurate, user-friendly experience – delivering identity verification in 700ms. Establishing a biometric root of trust for each user that is bound to their accounts and provisioned devices, authID stops fraud at onboarding, eliminates password risks and costs, and provides the faster, frictionless, and more accurate user identity experience demanded by operators of today’s digital ecosystems.
