PRELIMINARY PROSPECTUS

authID Inc.

Up to 4,637,852 Shares of Common Stock

This prospectus relates to the offer and resale, from time to time, by the selling stockholders named in this prospectus (the “Selling Stockholders”) of up to 4,637,852 shares of common stock, par value \$0.0001 per share (the “Common Stock”), of authID Inc. (“authID,” the “Company,” “we,” “our” or “us”), consisting of (i) up to 4,065,000 shares of Common Stock issuable upon the exercise of stock purchase warrants (the “April 2026 Warrants”) and (ii) up to 572,852 shares of Common Stock issued or issuable as fee shares (the “Fee Shares”), in each case issued or issuable to the Selling Stockholders in connection with the private placement that closed on April 29, 2026 described under “Prospectus Summary — The April 2026 Private Placement.” We refer to the shares of Common Stock issuable upon exercise of the April 2026 Warrants as the “Warrant Shares,” and to the Warrant Shares together with the Fee Shares as the “Registrable Securities.”

The Registrable Securities were issued, or are issuable, pursuant to a Securities Purchase Agreement dated as of April 29, 2026 (the “April 2026 Purchase Agreement”) and the related transaction documents, in reliance upon the exemption from registration provided by Section 4(a)(2) of the Securities Act of 1933, as amended (the “Securities Act”), and Rule 506(b) of Regulation D promulgated thereunder. We are registering the resale of the Registrable Securities to satisfy registration rights we granted to the Selling Stockholders. See “Prospectus Summary — The April 2026 Private Placement” and “Selling Stockholders.”

We are not selling any securities under this prospectus and will not receive any of the proceeds from the sale of the Registrable Securities by the Selling Stockholders. We will, however, receive the proceeds of any cash exercise of the April 2026 Warrants. See “Use of Proceeds.”

The Selling Stockholders may sell or otherwise dispose of the Registrable Securities described in this prospectus in a number of different ways and at varying prices, including at fixed prices, at prevailing market prices at the time of sale, at varying prices determined at the time of sale, or at negotiated prices. The Selling Stockholders may sell the Registrable Securities through ordinary brokerage transactions, directly to market makers of our shares, or through any other means described in the section entitled “Plan of Distribution.” We will bear all fees and expenses incident to our obligation to register the Registrable Securities. The Selling Stockholders will bear all commissions and discounts, if any, attributable to their respective sales of the Registrable Securities.

Our Common Stock is listed on the Nasdaq Capital Market under the symbol “AUID.” On July 13, 2026, the last reported sale price of our Common Stock on the Nasdaq Capital Market was \$1.09 per share.

We are a “smaller reporting company” as defined under the federal securities laws and a non-accelerated filer, and have elected to comply with certain reduced public company reporting requirements.

The April 2026 Private Placement

On April 29, 2026, the Company closed a private placement (the “April 2026 Offering”) pursuant to the April 2026 Purchase Agreement with certain accredited investors (the “April 2026 Investors”). The Company issued and sold an aggregate of approximately \$4,165,000 principal amount of its Senior Secured Debentures (the “April 2026 Debentures”) together with accompanying stock purchase warrants (the “April 2026 Warrants”). The April 2026 Offering was conducted on a best-efforts basis, with Madison Global Partners, LLC acting as the non-exclusive placement agent (the “Placement Agent”).

Debentures. The April 2026 Debentures are senior secured obligations of the Company, maturing six months from issuance (October 2026). The April 2026 Debentures do not bear interest. The obligations under the April 2026 Debentures are secured by a first-priority security interest in substantially all of the Company’s assets pursuant to a Security Agreement dated as of April 29, 2026, subject only to customary permitted liens. The April 2026 Debentures contain customary events of default and, upon an event of default, the principal amount becomes immediately due and payable at the holder’s election. The April 2026 Debentures contain a most-favored-nation provision with respect to subsequent financings and provide for automatic conversion or exchange into securities issued in a subsequent financing on substantially similar economic terms (subordinate in right of payment and priority to the security issued to the lead investor in the subsequent financing). The shares of Common Stock issuable upon any such conversion or exchange of the April 2026 Debentures are not being registered for resale under this prospectus.

Warrants. The Company issued April 2026 Warrants to purchase a number of shares of Common Stock equal to 100% of the principal amount invested by each April 2026 Investor (calculated as the principal amount divided by \$1.00), at an exercise price of \$1.50 per share. The April 2026 Warrants have a five-year term from issuance, are exercisable beginning six months after issuance, and include a cashless exercise provision. The April 2026 Warrants are subject to standard anti-dilution adjustments and contain a beneficial ownership limitation of 4.99% or 9.99% (or 19.99% in the case of one director) as elected by each individual April 2026 Investor.

Fee Shares. In addition to the April 2026 Debentures and April 2026 Warrants, the Company agreed to issue to the April 2026 Investors “Fee Shares” equal to 15% of the principal amount invested by each investor divided by \$1.00 (or the Nasdaq Consolidated Closing Bid Price if the April 2026 Investor is a director of the Company).

Registration Rights. The Company entered into a Registration Rights Agreement with the April 2026 Investors (the “Registration Rights Agreement”) pursuant to which the Company agreed to register for resale the Warrant Shares and the Fee Shares within ten days of the 60-day anniversary of the closing date in the event the Company does not consummate a subsequent financing before then. The Company also granted the April 2026 Investors customary piggyback registration rights. The registration statement of which this prospectus forms a part is being filed to satisfy the Company’s obligations under the Registration Rights Agreement.

Nasdaq 19.99% Limitation. The aggregate number of shares of Common Stock issuable pursuant to the April 2026 Debentures (upon conversion or exchange) and as Fee Shares, together with the Warrant Shares (if applicable), may not exceed 19.99% of the Company’s outstanding Common Stock immediately prior to the date of the April 2026 Purchase Agreement without stockholder approval, in accordance with Nasdaq Listing Rule 5635. The number of Registrable Securities registered for resale under this prospectus is subject to this limitation.

The securities offered and sold in the April 2026 Offering were issued and sold in reliance on the exemption from registration provided by Section 4(a) (2) of the Securities Act and Rule 506(b) of Regulation D promulgated thereunder. The April 2026 Investors represented that they are accredited investors within the meaning of Rule 501(a) of Regulation D. The foregoing description of the April 2026 Offering and the related transaction documents is qualified in its entirety by reference to the full text of those documents, which are filed as exhibits to, or incorporated by reference into, the registration statement of which this prospectus forms a part.

RISK FACTORS

An investment in our securities involves a high degree of risk. Before deciding whether to invest in our securities, you should carefully consider the risks and uncertainties described below and the risk factors and other information contained in, or incorporated by reference into, this prospectus, including the risk factors set forth in our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q, as updated by our subsequent filings with the SEC. The risks and uncertainties described below and in the documents incorporated by reference are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business. If any of these risks actually occurs, our business, financial condition, results of operations or prospects could be materially and adversely affected. In that event, the trading price of our Common Stock could decline, and you could lose all or part of your investment.

Risks Related to Our Business and Financial Condition

There is substantial doubt about our ability to continue as a going concern.

Our consolidated financial statements have been prepared assuming we will continue as a going concern. As of March 31, 2026, we had an accumulated deficit of approximately \$196.2 million and cash of approximately \$1.2 million. For the three months ended March 31, 2026, we generated revenue of approximately \$0.5 million, used approximately \$3.4 million of cash to fund our operations, and incurred a net loss from operations of approximately \$4.5 million. As a result of these factors, there is substantial doubt about our ability to continue as a going concern. In April 2026, we raised approximately \$3.5 million of net proceeds, after expenses, from accredited investors through the sale of the April 2026 Debentures and accompanying April 2026 Warrants in the April 2026 Offering. Our continuation as a going concern is dependent upon our ability to obtain additional debt or equity financing, generate sufficient cash flows from operations, and otherwise execute our business plan. There is no assurance that we will be able to do so on acceptable terms, or at all. If we are unable to continue as a going concern, we may be required to curtail or cease operations, and investors could lose all or part of their investment.

We have a history of losses and may not be able to achieve profitability going forward.

We have incurred net losses in most of our quarters since our inception, and we expect to continue to incur net losses for the foreseeable future. We may incur losses in the future for a number of reasons, including the other risks described in, or incorporated by reference into, this prospectus, and we may encounter unforeseen expenses, difficulties, complications, delays and other unknown events. Accordingly, we may not be able to achieve or maintain profitability. If we incur significant additional operating losses, our stock price may decline, perhaps significantly, and we will need to raise substantial additional capital in order to continue to operate, which will dilute existing stockholders, and such dilution may be significant. Additional capital may not be available on terms acceptable to us, or at all.

We need access to additional financing, which may not be available to us on acceptable terms, or at all.

Our growth-oriented business plan will require continued capital investment, and our research and development activities will also require continued investment. If we cannot access additional financing when we need it and on acceptable terms, our business, prospects, financial condition, operating results and ability to continue as a going concern will be adversely affected. To the extent we raise additional capital through the sale of equity or convertible debt securities, the ownership interests of our existing stockholders will be diluted, and the terms of any such securities may include liquidation or other preferences that adversely affect the rights of our existing stockholders. Debt financing, if available, may involve agreements that include restrictive covenants limiting our ability to take specified actions.

Our indebtedness under the April 2026 Debentures is secured by substantially all of our assets, and we may be unable to repay the April 2026 Debentures at maturity.

The April 2026 Debentures are senior secured obligations of the Company, secured by a first-priority security interest in substantially all of our assets, and mature six months from issuance (October 2026). At maturity, the outstanding principal amount of the April 2026 Debentures will be due and payable in cash unless previously converted or exchanged in connection with a subsequent financing. We cannot assure you that we will have sufficient funds available at that time to repay the April 2026 Debentures. Our failure to pay the principal amount of the April 2026 Debentures at maturity, or the occurrence of other events of default, could result in the acceleration of our obligations and permit the holders to exercise remedies against the collateral securing the April 2026 Debentures, including substantially all of our assets, which could have a material adverse effect on our business, financial condition and results of operations and could require us to curtail or cease operations.

Our quarterly results are difficult to predict and may fluctuate significantly because we depend on a small number of large customer contracts.

We derive a substantial portion of our revenues from a small number of large customer contracts, and our sales cycle for major enterprise customers can be lengthy. As a result, our quarterly results are difficult to predict because we cannot predict in which quarter, if any, substantial sales will occur in a given year, nor when, or at what rate, the ramp in sales of new products will occur. The loss of any one major customer, or a delay in the recognition of revenue from a major contract, could have a significant adverse effect on our revenue and financial condition. In some future quarters, our results may be below the expectations of securities analysts and investors, in which case the market price of our Common Stock may decline.

Risks Related to the April 2026 Private Placement, This Offering and Ownership of Our Common Stock

Sales of a substantial number of shares of our Common Stock by the Selling Stockholders, or the perception that such sales may occur, could cause the price of our Common Stock to decline.

This prospectus relates to the offer and resale, from time to time, of up to 4,637,852 shares of Common Stock by the Selling Stockholders, which represents a significant percentage of our outstanding Common Stock. The resale of all or a substantial portion of the Registrable Securities in the public market, or the perception that such sales could occur, could depress the market price of our Common Stock and impair our ability to raise capital through the sale of additional equity securities. The Selling Stockholders may sell all, some or none of the Registrable Securities covered by this prospectus, and we cannot predict the timing or amount of any such sales or the effect that any such sales may have on the prevailing market price of our Common Stock. Because the Registrable Securities may have been acquired by the Selling Stockholders for prices substantially below the prevailing market price of our Common Stock, the Selling Stockholders may have an incentive to sell their shares, and may realize a profit on such sales even at times when other stockholders are experiencing losses.

The exercise of the April 2026 Warrants and the conversion or exchange of the April 2026 Debentures will dilute the ownership interests of our existing stockholders.

The issuance of the Warrant Shares upon exercise of the April 2026 Warrants, and the issuance of shares of Common Stock upon any conversion or exchange of the April 2026 Debentures in connection with a subsequent financing, will increase the number of shares of our Common Stock outstanding and will dilute the ownership interests, voting power and earnings per share of our existing stockholders. The extent of such dilution will depend on, among other things, the number of April 2026 Warrants exercised, the terms of any subsequent financing into which the April 2026 Debentures convert or exchange, and the prevailing market price of our Common Stock. Although the April 2026 Warrants are subject to beneficial ownership limitations and the issuances are subject to the 19.99% limitation under Nasdaq Listing Rule 5635, these provisions do not eliminate the risk of material dilution. In addition, the perception that such issuances and resales may occur could create a market overhang and exert downward pressure on the trading price of our Common Stock, which could make it more difficult for us to raise additional capital on favorable terms in the future.

We will not receive any proceeds from the resale of the Registrable Securities by the Selling Stockholders.

The Registrable Securities offered under this prospectus are being offered solely for the account of the Selling Stockholders. We will not receive any of the proceeds from the sale of the Registrable Securities by the Selling Stockholders. We will, however, receive the proceeds of any cash exercise of the April 2026 Warrants. To the extent the April 2026 Warrants are exercised on a cashless basis, if and when available, we will not receive any cash proceeds upon such exercise. There can be no assurance that any of the April 2026 Warrants will be exercised for cash, or at all.

The number of shares of Common Stock that may be issued and registered is limited by Nasdaq Listing Rule 5635, which may limit the number of Registrable Securities that may be sold under this prospectus.

Under the April 2026 Purchase Agreement and the related transaction documents, the aggregate number of shares of Common Stock issuable pursuant to the April 2026 Debentures (upon conversion or exchange) and as Fee Shares, together with the Warrant Shares (if applicable), may not exceed 19.99% of the number of shares of Common Stock outstanding immediately prior to the date of the April 2026 Purchase Agreement, unless we obtain stockholder approval in accordance with Nasdaq Listing Rule 5635. Accordingly, the number of Registrable Securities that may be issued and registered for resale under this prospectus is subject to this limitation, and we may be required to seek stockholder approval, or to register additional shares in one or more subsequent registration statements, in order to permit the issuance and resale of all of the Registrable Securities. There can be no assurance that any required stockholder approval will be obtained, and obtaining such approval may involve delay and expense.

The SEC may limit the number of Registrable Securities that may be registered for resale at one time.

Under Rule 415 under the Securities Act, the SEC may take the position that some or all of the resales of Registrable Securities covered by this prospectus do not qualify as secondary offerings eligible to be made on a delayed or continuous basis, or that one or more of the Selling Stockholders is acting as an underwriter or conduit for the Company. If the SEC takes such a position, we may be required to reduce, on a pro rata or other basis, the number of Registrable Securities included in this prospectus, to characterize one or more Selling Stockholders as underwriters, or to register the Registrable Securities in one or more subsequent registration statements. Any such limitation could delay or impair the ability of the Selling Stockholders to resell the Registrable Securities and could adversely affect the market price of our Common Stock.

The Selling Stockholders may be deemed to be “underwriters” within the meaning of the Securities Act.

The Selling Stockholders, and any broker-dealers or agents that are involved in selling the Registrable Securities on their behalf, may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. As a result, any profits on the sale of the Registrable Securities by the Selling Stockholders and any discounts, commissions or concessions received by any such broker-dealers or agents may be deemed to be underwriting discounts and commissions under the Securities Act, and the Selling Stockholders may be subject to statutory liabilities, including, without limitation, under Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

We may be unable to maintain compliance with the continued listing standards of the Nasdaq Capital Market, and a delisting of our Common Stock could adversely affect the liquidity and market price of our Common Stock.

Our Common Stock is listed on the Nasdaq Capital Market. We cannot assure you that we will be able to comply with the continued listing standards of the Nasdaq Capital Market, including the minimum bid price requirement and the minimum stockholders’ equity requirement. If we fail to satisfy the continued listing requirements, Nasdaq may take steps to delist our Common Stock. A delisting would likely have a negative effect on the price of our Common Stock and would impair the ability of our stockholders to sell or purchase our Common Stock when they wish to do so. In the event of a delisting, the liquidity and marketability of our Common Stock, including the Registrable Securities, would be reduced, and our ability to raise capital could be impaired.

The market price of our Common Stock has been volatile, and your investment could decline in value.

The market price of our Common Stock has experienced significant price and volume fluctuations. For example, during the three-year period ended December 31, 2025, the closing price of our Common Stock ranged from \$0.86 to \$11.95. Broad market and industry fluctuations, as well as general economic, political and market conditions, may adversely affect the market price of our Common Stock, regardless of our actual operating performance. As a result, you may not be able to resell your shares at or above the price you paid for them.

We do not anticipate paying any cash dividends in the foreseeable future.

We have never declared or paid cash dividends on our Common Stock, and we do not anticipate paying any cash dividends in the foreseeable future. We currently intend to retain all available funds and any future earnings to fund the development and growth of our business. Any future determination to pay dividends will be at the discretion of our board of directors and will depend upon our results of operations, financial condition, capital requirements, contractual restrictions and other factors deemed relevant by our board of directors. Accordingly, investors should not rely on an investment in our Common Stock as a source of future dividend income.

USE OF PROCEEDS

This prospectus relates to the offer and resale of the Registrable Securities by the Selling Stockholders for their own respective accounts. We are not selling any securities under this prospectus, and we will not receive any of the proceeds from the sale of the Registrable Securities by the Selling Stockholders.

We will receive the proceeds of any cash exercise of the April 2026 Warrants. The April 2026 Warrants have an exercise price of \$1.50 per share. Assuming the cash exercise in full of all of the April 2026 Warrants, we would receive aggregate gross proceeds of approximately \$6,097,500. We cannot predict when or whether any of the April 2026 Warrants will be exercised, and it is possible that the April 2026 Warrants may expire and never be exercised. In addition, the April 2026 Warrants are exercisable on a cashless basis under certain circumstances, in which case we would not receive any cash proceeds upon exercise. We intend to use any net proceeds that we receive from the cash exercise of the April 2026 Warrants for working capital and general corporate purposes. We will have broad discretion in the way that we use any such proceeds. See “Risk Factors.”

The Selling Stockholders will pay any underwriting discounts and commissions and expenses incurred by the Selling Stockholders for brokerage, accounting, tax or legal services or any other expenses incurred by the Selling Stockholders in disposing of the Registrable Securities. We will bear all other costs, fees and expenses incurred in effecting the registration of the Registrable Securities covered by this prospectus, including, without limitation, all registration and filing fees and fees and expenses of our counsel and our independent registered public accounting firm.

Our Common Stock is listed on the Nasdaq Capital Market under the symbol “AUID.” On July 13, 2026, the last reported sale price of our Common Stock on the Nasdaq Capital Market was \$1.09 per share.

Holders of Record

As of July 13, 2026, there were approximately 130 holders of record of our Common Stock. This number does not include beneficial owners whose shares are held in the names of brokers, dealers, banks and other nominees, in “street name.” The transfer agent and registrar for our Common Stock is Computershare.

Dividend Policy

We have never declared or paid any cash dividends on our Common Stock, and we do not anticipate paying any cash dividends in the foreseeable future. We currently intend to retain all available funds and any future earnings to fund the development and growth of our business. Any future determination to declare and pay dividends, if any, will be made at the discretion of our board of directors and will depend on a number of factors, including our financial condition, results of operations, capital requirements, contractual restrictions, general business conditions and other factors that our board of directors may deem relevant.

SELLING STOCKHOLDERS

This prospectus covers the offer and resale by the Selling Stockholders identified in the table below of up to 4,637,852 shares of Common Stock, consisting of the Warrant Shares issuable upon exercise of the April 2026 Warrants and the Fee Shares, in each case issued or issuable to the Selling Stockholders in connection with the April 2026 Offering described under “Prospectus Summary — The April 2026 Private Placement.” We are registering the Registrable Securities in order to permit the Selling Stockholders to offer and resell the Registrable Securities from time to time after the date of this prospectus.

Except as described in the footnotes to the table below or elsewhere in this prospectus, and except for the ownership of the securities issued in connection with the April 2026 Offering, none of the Selling Stockholders has had any material relationship with us or any of our affiliates within the past three years. The Selling Stockholders have not, and within the past three years have not had, any position, office or other material relationship with us or any of our predecessors or affiliates, other than as a result of their ownership of our securities, except as otherwise noted below. To our knowledge, none of the Selling Stockholders is a broker-dealer or an affiliate of a broker-dealer, except as may be noted below.

The following table sets forth, with respect to each Selling Stockholder, based upon information available to us as of the date of this prospectus: (i) the number of shares of Common Stock beneficially owned prior to this offering; (ii) the maximum number of shares of Common Stock being offered by this prospectus; and (iii) the number of shares of Common Stock to be beneficially owned, and the percentage of our outstanding Common Stock represented thereby, assuming the sale of all of the Registrable Securities offered by the Selling Stockholder pursuant to this prospectus. Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities, as well as any shares as to which the Selling Stockholder has the right to acquire beneficial ownership within 60 days. The number of shares in the second column reflects beneficial ownership determined without regard to the beneficial ownership limitations contained in the April 2026 Warrants.

Because each Selling Stockholder may sell all, some or none of the Registrable Securities covered by this prospectus, and because there are currently no agreements, arrangements or understandings with respect to the sale of any of the Registrable Securities, we cannot estimate the number of Registrable Securities that will be sold by the Selling Stockholders or the number of shares of Common Stock that will be beneficially owned by the Selling Stockholders after completion of this offering. For purposes of the table below, we have assumed that, after completion of this offering, all of the Registrable Securities covered by this prospectus will have been sold and that none of the Registrable Securities will be held by the Selling Stockholders. A Selling Stockholder may sell or otherwise transfer Registrable Securities in transactions exempt from the registration requirements of the Securities Act after the date of this prospectus. See “Plan of Distribution.”

Information concerning the Selling Stockholders may change from time to time and, if necessary, we will amend or supplement this prospectus accordingly. The percentages of beneficial ownership in the table below are based on 16,720,339 shares of Common Stock issued and outstanding as of July 8, 2026.

PLAN OF DISTRIBUTION

Each Selling Stockholder of the securities and any of its pledgees, donees, transferees, assignees and successors-in-interest may, from time to time, sell any or all of the Registrable Securities covered hereby on the Nasdaq Capital Market or any other stock exchange, market or trading facility on which the securities are traded or in private transactions. These sales may be at fixed or negotiated prices. A Selling Stockholder may use any one or more of the following methods when selling securities:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales;
- in transactions through broker-dealers that agree with the Selling Stockholders to sell a specified number of such securities at a stipulated price per security;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- a combination of any such methods of sale; or
- any other method permitted pursuant to applicable law.

The Selling Stockholders may also sell securities under Rule 144 or any other exemption from registration under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the Selling Stockholders may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2440, and in the case of a principal transaction a markup or markdown in compliance with FINRA Rule 2121.

In connection with the sale of the securities or interests therein, the Selling Stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Stockholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The Selling Stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The Selling Stockholders and any broker-dealers or agents that are involved in selling the securities may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each Selling Stockholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

Mr. Ken Jisser, one of the Selling Stockholders, is a director of the Company and, as a result, is an affiliate of the Company. Any sales of Registrable Securities by Mr. Jisser pursuant to this prospectus, or otherwise, are subject to the applicable requirements of the Securities Act and the Securities Exchange Act of 1934, as amended, including the reporting and short-swing profit recovery provisions of Section 16 of the Securities Exchange Act of 1934, as amended.

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the securities. The Company has agreed to indemnify the Selling Stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act, and the Selling Stockholders may be entitled to contribution. We may be indemnified by the Selling Stockholders against certain liabilities, including liabilities under the Securities Act, that may arise from any written information furnished to us by the Selling Stockholders specifically for use in this prospectus, in accordance with the related registration rights agreement, or we may be entitled to contribution.

We agreed to use commercially reasonable efforts to keep this prospectus effective until the earlier of (i) the date on which all of the Registrable Securities may be resold by the Selling Stockholders without registration and without regard to any volume or manner-of-sale limitations by reason of Rule 144, without the requirement for the Company to be in compliance with the current public information requirement under Rule 144, or any other rule of similar effect, or (ii) the date on which all of the Registrable Securities have been sold pursuant to this prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The Registrable Securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the Registrable Securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the Registrable Securities may not simultaneously engage in market-making activities with respect to our Common Stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the Registrable Securities by the Selling Stockholders or any other person. We will make copies of this prospectus available to the Selling Stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).

There can be no assurance that any Selling Stockholder will sell any or all of the Registrable Securities registered pursuant to the registration statement of which this prospectus forms a part.

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock and certain provisions of our Restated Certificate of Incorporation, as amended (our “Certificate of Incorporation”), and our Amended and Restated By-laws (our “By-laws”) is a summary and is qualified in its entirety by reference to the full text of our Certificate of Incorporation and By-laws, copies of which are filed as exhibits to, or incorporated by reference into, the registration statement of which this prospectus forms a part, and by applicable provisions of the Delaware General Corporation Law (the “DGCL”).

Authorized Capital Stock

Our authorized capital stock consists of 150,000,000 shares of Common Stock, par value \$0.0001 per share, and 20,000,000 shares of preferred stock, par value \$0.0001 per share. As of July 8, 2026, there were 16,720,339 shares of Common Stock issued and outstanding and no shares of preferred stock issued and outstanding.

Common Stock

Holders of our Common Stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders. Holders of our Common Stock do not have cumulative voting rights. Subject to preferences that may be applicable to any then-outstanding preferred stock, holders of our Common Stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by our board of directors out of funds legally available for that purpose. In the event of our liquidation, dissolution or winding up, holders of our Common Stock are entitled to share ratably in all of our assets remaining after payment of, or provision for, our liabilities and the liquidation preference of any then-outstanding preferred stock. Holders of our Common Stock have no preemptive, conversion, subscription or other rights, and there are no redemption or sinking fund provisions applicable to our Common Stock. The rights, preferences and privileges of the holders of our Common Stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate and issue in the future. All of our outstanding shares of Common Stock are, and the Warrant Shares and Fee Shares, when issued in accordance with their terms, will be, fully paid and non-assessable.

Preferred Stock

Our board of directors is authorized, subject to limitations prescribed by Delaware law, to issue preferred stock in one or more series, to establish from time to time the number of shares to be included in each such series, and to fix the designations, powers, preferences and rights of the shares of each such series and any qualifications, limitations or restrictions thereof, including dividend rights, conversion rights, voting rights, terms of redemption, liquidation preferences and the number of shares constituting any series, in each case without further vote or action by our stockholders. The issuance of preferred stock could have the effect of decreasing the trading price of our Common Stock, restricting dividends on our capital stock, diluting the voting power of our Common Stock, impairing the liquidation rights of our capital stock, or delaying, deferring or preventing a change in control of our Company. As of the date of this prospectus, no shares of preferred stock are outstanding, and we have no present plan to issue any shares of preferred stock.

The April 2026 Warrants

A description of the material terms of the April 2026 Warrants is set forth under “Prospectus Summary — The April 2026 Private Placement.” The foregoing description is qualified in its entirety by reference to the form of April 2026 Warrant, a copy of which is filed as an exhibit to, or incorporated by reference into, the registration statement of which this prospectus forms a part.

Anti-Takeover Effects of Delaware Law and Our Charter Documents

Certain provisions of the DGCL and of our Certificate of Incorporation and By-laws could have the effect of delaying, deferring or discouraging another party from acquiring control of us. We are subject to Section 203 of the DGCL, which, subject to certain exceptions, prohibits a Delaware corporation from engaging in any business combination with any interested stockholder (generally, a person that, together with its affiliates, owns 15% or more of a corporation’s outstanding voting stock) for a period of three years following the time that such stockholder became an interested stockholder, unless the business combination is approved in a prescribed manner. In addition, the ability of our board of directors to designate and issue preferred stock without further stockholder approval, as described above, could be used to make a change in control of the Company more difficult.

Exclusive Forum

Our By-laws provide that, unless we consent in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for: (i) any derivative action or proceeding brought on our behalf; (ii) any action asserting a claim for breach of a fiduciary duty owed by any director, officer, employee or agent of ours to us or our stockholders; (iii) any action asserting a claim arising pursuant to any provision of the DGCL, our Certificate of Incorporation or our By-laws; and (iv) any action asserting a claim governed by the internal affairs doctrine. This exclusive forum provision will not apply to suits brought to enforce any duty or liability created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. There is uncertainty as to whether a court would enforce this provision, and investors cannot waive compliance with the federal securities laws and the rules and regulations thereunder.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

ITEM 13. OTHER EXPENSES OF ISSUANCE AND DISTRIBUTION

The following table sets forth the costs and expenses, other than underwriting discounts and commissions, payable by us in connection with the registration of the Registrable Securities being registered hereby. All of the amounts shown are estimates, except for the SEC registration fee. The Selling Stockholders will not bear any portion of these expenses.

SEC registration fee	\$ 762.18
Accounting fees and expenses	\$ 5,000.00
Legal fees and expenses	\$ 25,000.00
Transfer agent and registrar fees	\$ 1,000.00
Miscellaneous expenses	\$ 5,000.00
Total	\$ 36,762.18

ITEM 14. INDEMNIFICATION OF DIRECTORS AND OFFICERS

We are incorporated under the laws of the State of Delaware. Section 145 of the DGCL provides that a Delaware corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation), by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful. A similar standard applies in the case of derivative actions, except that indemnification only extends to expenses (including attorneys' fees) incurred in connection with the defense or settlement of such an action, and the DGCL requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation.

Section 102(b)(7) of the DGCL permits a corporation to provide in its certificate of incorporation that a director or officer of the corporation will not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director or officer, subject to certain exceptions. Our Certificate of Incorporation provides for such limitation of liability to the fullest extent permitted by the DGCL.

Our By-laws provide that we will indemnify and hold harmless each of our directors and officers to the fullest extent authorized by the DGCL, as the same exists or may hereafter be amended, against any and all expenses and liabilities incurred or paid by such director or officer in connection with any proceeding to which such director or officer is, or is threatened to be made, a party or participant by reason of his or her corporate status, subject to the conditions and limitations set forth in the By-laws. Our By-laws also provide that we will, to the extent required by the By-laws, pay the expenses incurred by a director or officer in defending any such proceeding in advance of its final disposition, subject to an undertaking by such director or officer to repay all amounts so advanced if it is ultimately determined that such director or officer is not entitled to indemnification. The indemnification rights provided in our By-laws are not exclusive of any other rights to which a person seeking indemnification may be entitled under any statute, provision of our Certificate of Incorporation, agreement, vote of stockholders or disinterested directors, or otherwise.

We have entered into, or may enter into, indemnification agreements with our directors and officers. We also maintain directors' and officers' liability insurance that covers certain liabilities of our directors and officers arising out of claims based on acts or omissions in their capacities as directors or officers, including liabilities under the Securities Act.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

ITEM 15. RECENT SALES OF UNREGISTERED SECURITIES

Set forth below is information regarding securities sold or issued by us within the past three years that were not registered under the Securities Act. Also included is the consideration, if any, received by us for such securities and information relating to the section of the Securities Act, or rule of the SEC, under which exemption from registration was claimed. None of these transactions involved any underwriters or any public offering, and we believe that each of these transactions was exempt from the registration requirements of the Securities Act as described below. No general solicitation or general advertising was used in connection with any of these transactions.

April 2026 Private Placement

On April 29, 2026, we closed the April 2026 Offering pursuant to the April 2026 Purchase Agreement with the April 2026 Investors, in which we issued and sold an aggregate of approximately \$4,165,000 principal amount of April 2026 Debentures together with accompanying April 2026 Warrants, and agreed to issue the Fee Shares. The April 2026 Debentures are senior secured obligations maturing six months from issuance, do not bear interest, and are secured by a first-priority security interest in substantially all of our assets. The April 2026 Warrants are exercisable for a number of shares of Common Stock equal to 100% of the principal amount invested by each investor (calculated as the principal amount divided by \$1.00), at an exercise price of \$1.50 per share, for a five-year term, exercisable beginning six months after issuance, and include a cashless exercise provision. The Fee Shares are equal to 15% of the principal amount invested by each investor divided by \$1.00 (or the Nasdaq Consolidated Closing Bid Price if the investor is a director of the Company). Madison Global Partners, LLC acted as non-exclusive placement agent in connection with the April 2026 Offering and received, or is entitled to receive, customary cash compensation and placement agent warrants. ITEM 17. UNDERTAKINGS

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser, if the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness.

(5) That, for the purpose of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in Denver, Colorado, on July 15, 2026.

Re: Registration Statement on Form S-1

Ladies and Gentlemen:

We have acted as limited special counsel to authID Inc., a Delaware corporation (the “Company”), in connection with the legality of up to 4,637,852 shares of the Company’s common stock, par value \$0.0001 per share (the “Common Stock”), consisting of (i) up to 4,065,000 shares of Common Stock issuable upon the exercise of stock purchase warrants issued in the April 2026 Private Placement (the “April 2026 Warrants”) and (ii) up to 572,852 shares of Common Stock issued or issuable as fee shares in the April 2026 Private Placement (the “Fee Shares” and, together with the shares issuable upon exercise of the April 2026 Warrants, the “Shares” or the “Registrable Securities”), all of which Shares are being registered for resale by the selling stockholders named therein on a Registration Statement on Form S-1 (the “Registration Statement”) and the prospectuses included therein (collectively, the “Prospectuses”) filed with the Securities and Exchange Commission (the “Commission”) under the Securities Act of 1933, as amended (the “Act”). This opinion is being furnished in accordance with the requirements of Item 601(b)(5) of Regulation S-K under the Act.

As the basis for the opinions expressed herein, we have examined the Certificate of Incorporation of the Company, as amended (including the Restated Certificate of Incorporation filed April 20, 2021, and all subsequent amendments, as certified by the Secretary of State of the State of Delaware), the Amended and Restated By-laws of the Company (adopted July 18, 2022), the Securities Purchase Agreement dated as of April 29, 2026, the form of April 2026 Warrant, the Registration Rights Agreement dated as of April 29, 2026, a draft of the proposed Registration Statement and related Prospectuses, and such other documents, certificates, and matters of law as we have deemed necessary or appropriate to enable us to render the opinions set forth herein.

In our examination, we have assumed the genuineness of all signatures, the legal capacity of all natural persons who have signed such documents, the authenticity of all documents submitted to our firm as certified copies or photocopies, and the authenticity of the originals of such documents. As to any facts material to the opinions expressed herein that we have not independently established or verified, we have relied upon statements and representations of officers and other representatives of the Company and others.

Based upon and subject to the foregoing, after having given due regard to such issues of law as we deemed relevant, and assuming that (i) the Registration Statement (and any amendments thereto) is declared effective and remains effective, the Prospectuses that are part thereof and the prospectus delivery requirements with respect thereto are complied with, and the Company fulfills all requirements of the Act throughout all periods relevant to this opinion (including Section 10(a)(3) of the Act); (ii) all offers and sales of the Shares are made in a manner complying with the terms of the Registration Statement and the Act; (iii) all offers and sales of the Shares are made in compliance with the securities laws of the states having jurisdiction thereto; and (iv) the April 2026 Warrants have been duly authorized, executed, and delivered by the Company and constitute valid and binding obligations of the Company enforceable in accordance with their terms, we are of the opinion that:

- (a) the Shares that have been issued (including any Fee Shares that have been issued) are validly issued, fully paid, and non-assessable; and
-

(b) the Shares that are issuable upon exercise of the April 2026 Warrants or that remain issuable as Fee Shares, when issued upon exercise of the April 2026 Warrants in accordance with the terms of the April 2026 Warrants (including payment of the applicable exercise price or satisfaction of any cashless exercise provisions) or upon issuance as Fee Shares in accordance with the terms of the April 2026 Purchase Agreement, as applicable, will be validly issued, fully paid, and non-assessable.

This opinion is expressly limited in scope to the Shares enumerated herein that are to be covered by the referenced Registration Statement.

We express no opinion as to any county, municipal, city, town, or village ordinance, rule, regulation, or administrative decision. Our opinion is rendered as of the date hereof, and we assume no obligation to advise you of changes in law or fact (or the effect thereof on the opinions expressed herein) that may hereafter come to our attention. We express no opinion as to the laws of any state or jurisdiction other than the laws governing corporations of the State of Delaware and the federal laws of the United States of America. No opinion is expressed herein with respect to the qualification of the Shares under the securities or blue sky laws of any state or any foreign jurisdiction.

Our opinion is expressly limited to the matters set forth above, and we render no opinion, whether by implication or otherwise, as to any other matters relating to the Company, the Shares, or the Registration Statement.

We consent to the reference to our firm under the caption "Legal Matters" in the Prospectus included in the Registration Statement and to the filing of this opinion as an exhibit to the Registration Statement.
