#### CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

This report includes forward-looking statements that relate to future events or our future financial performance and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ materially from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. Words such as, but not limited to, "believe," "expect," "anticipate," "estimate," "intend," "plan," "targets," "likely," "aim," "will," "would," "could," and similar expressions or phrases identify forward-looking statements. We have based these forward-looking statements largely on our current expectations and future events and financial trends that we believe may affect our financial condition, results of operation, business strategy and financial needs.

You should read thoroughly this report and the documents that we refer to herein with the understanding that our actual future results may be materially different from and/or worse than what we expect. We qualify all of our forward-looking statements by these cautionary statements including those made in this report, in Part I. Item 1A. Risk Factors also appear in our Annual Report on Form 10-K for the year ended December 31, 2022 and our other filings with the Securities and Exchange Commission. Some examples of risk factors which may affect our business are as follows:

- our lack of significant revenues, positive cash flow and history of losses,
- market acceptance of our products and competition;
- our ability to attract and retain customers for existing and new products;
- our ability to effectively maintain and update our technology and product and service portfolio;
- our reliance on third party software and developers;
- breaches of network or IT security and presentation attacks;
- our ability to hire and retain key personnel and additional talent;
- our ability to raise capital under acceptable terms;
- our ability to maintain listing of our common stock on the Nasdaq Capital Market;
- our ability to adequately protect our intellectual property, or the loss of some of our intellectual property rights through costly litigation or administrative proceedings;
- our ability to operate in non-US markets;
- the impact of the Covid-19 Pandemic;
- the impact of the wars in Ukraine and the Middle East;
- stock price and market volatility and the risk of securities litigation;
- legislation and government regulation; and
- general economic conditions, inflation and access to capital.

Other sections of this report include additional factors which could adversely impact our business and financial performance. New risk factors emerge from time to time and it is not possible for our management to predict all risk factors, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Except for our ongoing obligations to disclose material information under the Federal securities laws, we undertake no obligation to release publicly any revisions to any forward-looking statements, to report events or to report the occurrence of unanticipated events. These forward-looking statements speak only as of the date of this report, and you should not rely on these statements without also considering the risks and uncertainties associated with these statements and our business.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

## NOTE 1 – BASIS OF PRESENTATION

In the opinion of Management, the accompanying unaudited condensed consolidated financial statements are prepared in accordance with instructions for Form 10-Q, include all adjustments (consisting only of normal recurring accruals) which we considered as necessary for a fair presentation of the results for the periods presented. Certain information and footnote disclosures normally included in the consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed consolidated financial statements be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2022. The results of operations for the three and nine months ended September 30, 2023 are not necessarily indicative of the results to be expected for future periods or the full year.

The condensed consolidated financial statements include the accounts of authID Inc. and its wholly-owned subsidiaries MultiPay S.A.S., ID Solutions, Inc., FIN Holdings Inc., Ipsidy Enterprises Limited and authID Gaming Inc. (collectively the "Company"). All significant intercompany balances and transactions have been eliminated in consolidation.

#### Going Concern

As of September 30, 2023, the Company had an accumulated deficit of approximately \$156.3 million. For the three and nine months ended September 30, 2023, the Company earned revenue from continuing operations of approximately \$0.04 million and \$0.12 million, used approximately \$2.1 million and \$6.2 million to fund its operations, and incurred a net loss of approximately \$3.7 million and \$16.2 million, respectively.

The continuation of the Company as a going concern is dependent upon financial support from the Company's stockholders and noteholders, the ability of the Company to obtain additional debt or equity financing to continue operations, the Company's ability to generate sufficient cash flows from operations, successfully locating and negotiating with other business entities for potential acquisition, and acquiring new clients to generate revenues and cash flows.

During the nine months ended September 30, 2023, the Company has secured additional financing of approximately \$6.4 million net, which provides funding for its current operations as it continues to invest in its product, people, and technology. Although there is no guarantee, the Company projects that the investments will lead to revenue expansion thereby reducing liquidity needs. However, in order to further implement its business plan and satisfy its working capital requirements, the Company will need to raise additional capital. There is no guarantee that the Company will be able to raise additional equity or debt financing at acceptable terms, if at all.

There is no assurance that the Company will ever be profitable. These unaudited condensed consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should the Company be unable to continue as a going concern. As there can be no assurance that the Company will be able to achieve positive cash flows (become cash flow positive) and raise sufficient capital to maintain operations, there is substantial doubt about the Company's ability to continue as a going concern.

#### Reclassification

Certain prior year expenses have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the previously reported loss from continuing operations and management does not believe that this reclassification is material to the consolidated financial statements taken as a whole. Specifically, we reclassified certain expenses from general and administrative expenses to research and development expenses.

#### Net Loss per Common Share

The Company computes net loss per share in accordance with FASB ASC 260, "Earnings per Share". ASC 260 requires presentation of both basic and diluted earnings per share ("EPS") on the face of the statement of operations. Basic EPS is computed by dividing net loss available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period including stock options, using the treasury stock method, and convertible notes and stock warrants, using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options, warrants and conversion of convertible notes. Diluted EPS excludes all dilutive potential common shares if their effect is anti-dilutive. The following potentially dilutive securities were excluded from the calculation of diluted loss per share for the three and nine months ended September 30, 2023 and 2022 because their effect was antidilutive:

#### Revenue Recognition

*Verified Software License* – The Company recognizes revenue based on the identified performance obligations over the performance period for fixed consideration and / or variable fees generated that are earned on a usage fee based over time based on user monthly user or transaction volumes or on a monthly flat fee rate. We allocate the selling price in a contract which has multiple performance obligations based on the contract selling price that we believe represents a fair market price for the service rendered based on estimated standalone selling price.

The Company had contract liabilities of approximately \$103,000 and \$81,000 as of September 30, 2023 and December 31, 2022 respectively for certain revenue that will be earned in future periods. All deferred revenue contract liabilities as of September 30, 2023 are expected to be earned over the next twelve months.

#### Remaining Performance Obligations

As of September 30, 2023, the Company's Remaining Performance Obligation (RPO) was \$1.87 million, of which \$0.10 million is held as deferred revenue and \$1.77 million is related to other non-cancelable contracted amounts. The Company expects approximately 34% of the RPO to be recognized as revenue in the twelve months ending September 30, 2024 based on contractual commitments and expected usage patterns. However, the amount and timing of revenue recognition are generally dependent upon customers' future consumption, which is inherently variable at customers' discretion. Furthermore, the Company does not have historical information to estimate the recognition of revenue due to its current operations and has approximated such amount based on discussions with the contracted parties.

*Deferred Contract Costs* – We defer the portion of sales commission that is considered a cost of obtaining a new contract with a customer and amortize these deferred costs over the period of benefit. We expense the remaining sales commissions as incurred. The following table summarizes deferred contract cost activity for the nine months ended September 30, 2023:

|                                      | С  | eferred<br>ontract<br>Costs |
|--------------------------------------|----|-----------------------------|

| Carrying Value at September 30, 2023 | \$ | 66,300                      |

*Legacy Authentication Services* – The Company historically has sold certain legacy software licenses to customers and revenue is recognized when delivery occurs, and all other revenue recognition criteria have been met. During both quarters ended September 30, 2023 and 2022, the Company provided annual software maintenance support services relating to previously licensed software on a stand-ready basis. These fees were billed in advance and recognized ratably over the requisite service period as revenue.

*Revenue Accounting Pronouncement* – In June 2016, the Financial Accounting Standards Board issued Accounting Standards Update No. 2016-13, "Financial Instruments – Credit Losses (Topic)," which replaces the current incurred loss impairment methodology for most financial assets with the current expected credit lost, or CECL, methodology. The series of new guidance amends the impairment model by requiring entities to use a forward-looking approach based on expected losses rather than incurred losses to estimate credit losses on certain types of financial instruments, including trade receivables. The Company adopted the new standard effective January 1, 2023, which did not have a material impact to the consolidated financial statements.

#### NOTE 5 – WORKING CAPITAL FACILTIY

On March 21, 2022, the Company entered into a Credit Facility Agreement (the "Original Facility Agreement") with Stephen J. Garchik ("Garchik"), who is a shareholder of the Company, pursuant to which Garchik agreed to provide to the Company a \$10.0 million unsecured standby line of credit facility that could be drawn down in several tranches, subject to certain conditions described in the Original Facility Agreement. Pursuant to the Original Facility Agreement, the Company paid Garchik a Facility Commitment Fee of 12,500 shares of our common stock upon the effective date of the Original Facility Agreement.

On March 8, 2023, the Company entered into an Amended and Restated Facility Agreement ("A&R Facility Agreement") with Garchik, pursuant to which the Company and Garchik amended and restated the Original Facility Agreement in its entirety, to replace the credit facility contemplated by the Original Facility Agreement with (i) an initial credit facility to the Company in an amount of \$900,000 and (ii) the parties to use their reasonable best efforts after the Initial Funding to negotiate the terms of a subsequent credit facility in the aggregate amount of \$2,700,000 (the "Subsequent Funding").

On March 9, 2023, pursuant to the A&R Facility Agreement, the Company entered into a promissory note (the "Initial Promissory Note") in favor of Garchik, pursuant to which Garchik loaned the amount of \$900,000 (the "Principal Amount") to the Company. In connection with the Company and Garchik entering into the Initial Promissory Note, each of the principal United States based subsidiaries of the Company agreed to, for the benefit and security of Garchik, guarantee the payment and performance all of the Company's obligations under the Initial Promissory Note and the Guaranty. The Company and Garchik also entered into the Release Agreement, pursuant to which the Company and Garchik mutually agreed to release any and all rights to make a claim against the other and any existing claims against the other arising out of or relating to the Original Facility Agreement.

The Company wrote-off approximately \$410,000 of the issuance costs related to the Original Credit Facility and capitalized \$426,000 issuance costs related to the A&R Facility Agreement as of March 31, 2023.

On May 25, 2023, the Company and Garchik agreed to cancel the Initial Promissory Note, terminate the A&R Facility Agreement and Guaranty and satisfy and offset the outstanding balance of the Initial Promissory Note, plus accrued and unpaid interest in the aggregate amount of \$929,250 against the purchase price of certain shares of common stock of the Company. See Note 8 "Shareholders' Equity". All remaining unamortized debt issuance costs of approximately \$381,000 related to the Initial Promissory Note and the A&R Facility Agreement were recorded as a loss on debt extinguishment for the nine months ended September 30, 2023.

## NOTE 6 – CONVERTIBLE NOTES PAYABLE

On March 21, 2022, the Company entered into a Securities Purchase Agreement ("SPA") with certain accredited investors, including certain directors of the Company or their affiliates (the "Note Investors"), and, pursuant to the SPA, sold to the Note Investors Senior Secured Convertible Notes (the "Convertible Notes") with an aggregate initial principal amount of approximately \$9.2 million and a conversion price of \$29.60. The Convertible Notes were sold with an aggregate cash origination fee of approximately \$200,000, and we issued a total of approximately 3,563 shares of our common stock to the Note Investors as an additional origination fee. The Convertible Notes accrue interest at the rate of 9.75% per annum, which is payable in cash or, for some or all of the first five interest payments, in shares of our common stock at the Company's option, on the last day of each calendar quarter before the maturity date and on the maturity date. The maturity date of the Convertible Notes is March 31, 2025.

During the quarter ended September 30, 2022, a holder of a Convertible Note converted the full principal amount of \$50,000 and accrued interest of \$406 into 1,706 shares of our common stock.

During the quarter ended September 30, 2022, the Company issued 9,335 shares of common stock for approximately \$223,000 of interest.

During the nine months ended September 30, 2023 and 2022, the Company issued 103,533 and 23,947 shares of common stock for approximately \$358,000 and \$474,000 of interest expense, respectively. The number of shares issued to each Note Investor was based on the VWAP of the common stock as of the relevant interest payment date, as defined in the Convertible Notes.

In connection with the issuance of the Convertible Notes, the Company issued 17,836 common stock warrants to a broker and its representatives with an estimated grant date fair value of approximately \$449,000 which was recorded as a reduction in the carrying value of the Convertible Notes.

On May 23, 2023, the Company entered into an exchange agreement with certain holders ("Holders") of the Convertible Notes of the Company, pursuant to which the Company agreed to issue 2,346,105 shares of common stock to the Holders in exchange for approximately \$8.9 million (or approximately \$7.9 million, net of debt issuance costs and discount) of the principal amount of Holders' Convertible Notes at a price of \$3.78 per share (or \$4.12 if the Holder is a director, officer or insider of the Company). On June 7, 2023, the Company entered into a further Securities Purchase Agreement and Exchange Agreement with an accredited investor pursuant to which the Company agreed to issue 2,242 Exchange Shares in exchange for \$13,000 of the principal amount of the Holder's Convertible Note at a price of \$5.80 per share. The Company also recognized an expense on conversion of convertible notes of approximately \$7.5 million, representing the market value of the additional shares issued by the Company in exchange for the Convertible Notes, above the number of shares that the Holders would have received upon conversion at the original conversion price under the Convertible Notes.

On May 23, 2023, the Company solicited the consent of the Convertible Notes Holders to eliminate substantially all of the restrictive covenants and a related event of default in the Convertible Notes. The Company received consent from Holders representing over the necessary 66.67% of the outstanding principal amount under the Convertible Notes.

See Note 8 "Shareholders' Equity".

## NOTE 8 - STOCKHOLDERS' EQUITY

On June 26, 2023, the Company filed a Certificate of Amendment to its Amended and Restated Certificate of Incorporation to effect a one-for-eight (1-for-8) reverse split (the "Reverse Split") of the shares of the Company's common stock. The Reverse Split became effective on July 7, 2023 (see Note 11 "Subsequent Event"). As a result of the Reverse Split, every eight shares of the Company's issued and outstanding common stock automatically converted into one share of common stock, without any change in the par value per share, and began trading on a post-split basis under the Company's existing trading symbol, "AUID", when the market opened on July 10, 2023. The Reverse Split affected all holders of common stock uniformly and did not affect any common stockholder's percentage ownership interest in the Company, except for de minimis changes as a result of the elimination of fractional shares. A total of 62,816,330 shares of common stock were issued and outstanding immediately prior to the Reverse Split, and 7,874,962 shares of common stock were issued and outstanding immediately prior to the Reverse Split. Any holder who would have received a fractional share of common stock received an additional fraction of a share of common stock to round up their holding to the next whole share. In addition, effective as of the Reverse Split, proportionate adjustments were made to all then-outstanding options and warrants with respect to the number of shares of common stock subject to such options or warrants and the exercise prices thereof, as well as to the conversion price under the remaining Convertible Notes. The impact of this change in capital structure has been retroactively applied to all periods presented herein.

In accordance with the SEC's Staff Accounting Bulletin Nos. 99 and 108 ("SAB 99" and "SAB 108"), the Company evaluated this error and concluded that although the adjustment to certain areas of the statement of operations was quantitatively material, the cumulative effects were qualitatively immaterial and would not have materially impacted a reasonable investor's opinion of the Company. This is further supported by the fact that the impact would not have been significant in comparison to prior periods and all errors are of a non-cash nature. Therefore, as permitted by SAB 108 and treated under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 250, Accounting Changes and Error Corrections, the Company revised previously recorded results for the three months ended March 31, 2023 and the six months ended June 30, 2023, to account for the prior period error in this current filing.

As a result, the statement of operations for the three and nine month periods ended September 30, 2023 reflects the revised expenses, loss from continuing operations and net loss.

#### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

#### Overview

authID Inc. is a leading provider of secure, authentication solutions delivered by our easy to integrate Verified platform. Our Verified platform binds strong passwordless authentication with biometric identity, which offers our customers a streamlined path to zero trust architecture. Verified FIDO2 passwordless authentication is certified by the FIDO Alliance to be compliant and interoperable with FIDO specifications.

The explosive growth in online and mobile commerce, telemedicine, remote working and digital activities of all descriptions is self-evident to everyone who lived through the Covid 19 pandemic since 2020. Identity theft, phishing attacks, spear-phishing, password vulnerabilities, account takeovers, benefits fraud - it seems like these words have entered our daily lexicon overnight. These are significant impediments to the operations and growth of any business or organization, and dealing with the risks and consequences of these criminal activities has created significant friction in both time, cost and lost opportunity. Consider all the outdated methods that organizations have implemented in order to prevent fraud. The requests to receive and enter one-time passwords, that can be easily hijacked. The vulnerable security questions you get asked – whether on-line or when reaching out to a call center – what was your first pet's name? who was your best friend in high school? These steps all add up to friction, making it difficult for consumers to login, transact and execute daily tasks, with little added protection from fraud. Surely there is a better way to address these challenges? authID believes there is.

authID provides secure, facial biometric, identity verification, and strong customer authentication. We maintain a global, cloud-based Verified platform for our enterprise customers or employees to enable their users to easily verify and authenticate their identity through a mobile device or desktop (with camera) of their choosing (without requiring dedicated hardware, or authentication apps). We can help our customers establish a proven identity, creating a root of trust that ensures the highest level of assurance for our passwordless login and step-up verification products. Our system enables participants to consent to transactions using their biometric information with a digitally signed authentication response, embedding the underlying transaction data and each user's identity attributes within every electronic transaction message processed through our platform.

Digital transformation across all market segments requires trusted identity. Our identity platform offers innovative solutions that are flexible, fast and easy to integrate and offer seamless user experiences. authID's products help advance digital transformation efforts without the fear of identity fraud, while delivering frictionless user experiences. We believe that it is also essential that electronic transactions have an audit trail, proving that the identity of the individual was duly authenticated. Our platform provides biometric and multi-factor identity software, which are intended to establish, authenticate and verify identity across a wide range of use cases and electronic transactions.

authID's products focus on the broad requirement for enabling frictionless commerce by allowing an entity to instantly "Know Who's Behind the Device", their customer, employee or their member. Organizations of all descriptions require cost-effective and secure means of growing their business while mitigating identity fraud. We aim to offer our enterprise customers products that can be integrated easily into each of their business and organizational operations, in order to facilitate their adoption and enhance the end user customer experience.

Our management believes that some of the advantages of our Verified Platform approach are the ability to leverage the platform to support a variety of vertical markets and the adaptability of the platform to the requirements of new markets and new products requiring cost-effective, secure, and configurable mobile solutions. Our target markets include cybersecurity, workforce, banking, fintech and other disrupters of traditional commerce, small and medium sized businesses, and system integrators working with government and Fortune 1000 enterprises. At its core, the Company's offering, combining its proprietary and acquired biometric and artificial intelligence technologies (or AI), is intended to facilitate frictionless commerce, whether in the physical or digital world. The Company intends to increase its investment in developing, patenting and acquiring the various elements necessary to enhance the platform, which are intended to allow us to achieve our goals. One of the principal intended areas of investment is to enhance and expand our use of artificial intelligence in proprietary software, that we believe will increase our value to enterprise customers and stockholders alike.

authID is dedicated to developing advanced methods of protecting consumer privacy and deploying ethical and socially responsible AI.. We believe that a proactive commitment to ethical AI presents a strong business opportunity for authID and will enable us to bring more accurate products to market more quickly and with less risk to better serve our global user base. Our methods to achieve ethical AI include engaging the users of our products with informed consent, prioritizing the security of our user's personal information, considering and avoiding potential bias in our algorithms, and monitoring of algorithm performance in our applications.

On May 4, 2022, the Board approved a plan to exit from certain non-core activities comprising the MultiPay correspondent bank, payments services in Colombia and the Cards Plus cards manufacturing and printing business in South Africa. On August 29, 2022 the Company completed the sale of Cards Plus business. On June 30, 2023, the Company completed the exit of the MultiPay business. See Discontinued Operations.

#### **Going Concern**

The Company's unaudited condensed consolidated financial statements included in this Quarterly Report have been prepared in accordance with United States GAAP assuming the Company will continue on a going concern basis, which implies the Company will continue to meet its obligations and continue its operations for the next year following the issuance date of these financial statements.

As of September 30, 2023, the Company had an accumulated deficit of approximately \$156.3 million. For the nine months ended September 30, 2023, the Company earned revenue of approximately \$0.12 million, used \$6.2 million to fund its operations, and incurred a net loss from continuing operations of approximately \$16.4 million. The continuation of the Company as a going concern is dependent upon financial support from the Company's stockholders and noteholders, the ability of the Company to obtain additional debt or equity financing to continue operations, the Company's ability to generate sufficient cash flows from operations, successfully locating and negotiating with other business entities for potential acquisition and /or acquiring new clients to generate revenues and cash flows.

During the nine months ended September 30, 2023, the Company has secured additional financing of approximately \$6.4 million net, which provides funding for its current operations as it continues to invest in its product, people, and technology. Although there is no guarantee, the Company projects that the investments will lead to revenue expansion thereby reducing liquidity needs. However, in order to further implement its business plan and satisfy its working capital requirements, the Company will need to raise additional capital. There is no guarantee that the Company will be able to raise additional equity or debt financing at acceptable terms, if at all.

There is no assurance that the Company will ever be profitable. These consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should the Company be unable to continue as a going concern. As there can be no assurance that the Company will be able to achieve positive cash flows (become cash flow profitable) and raise sufficient capital to maintain operations, there is substantial doubt about the Company's ability to continue as a going concern.

## **Adjusted EBITDA**

This discussion includes information about Adjusted EBITDA that is not prepared in accordance with GAAP. Adjusted EBITDA is not based on any standardized methodology prescribed by GAAP and is not necessarily comparable to similar measures presented by other companies. A reconciliation of this non-GAAP measure is included below. Adjusted EBITDA is a non-GAAP financial measure that represents GAAP net income (loss) adjusted to exclude (1) interest expense and debt discount and debt issuance costs amortization expense, (2) interest income, (3) provision for income taxes, (4) depreciation and amortization, (5) stock-based compensation expense (stock options) and (6) loss on debt extinguishment, and conversion expense on exchange of Convertible Notes and certain other items management believes affect the comparability of operating results. Management believes that Adjusted EBITDA, when viewed with our results under GAAP and the accompanying reconciliations, provides useful information about our period-overperiod results. Adjusted EBITDA is presented because management believes it provides additional information with respect to the performance of our fundamental business activities and is also frequently used by securities analysts, investors and other interested parties in the evaluation of comparable companies. We also rely on Adjusted EBITDA as a primary measure to review and assess the operating performance of our company and our management, and it will be a focus as we invest in and grow the business. Adjusted EBITDA has limitations as an analytical tool, and you should not consider it in isolation from, or as a substitute for, analysis of our results as reported under GAAP. Some of these limitations are:

- Adjusted EBITDA does not reflect our cash expenditures or future requirements for capital expenditures or contractual commitments;
- Adjusted EBITDA does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and Adjusted EBITDA does not reflect any cash requirements for such replacements;
- Adjusted EBITDA does not include the impact of certain charges or gains resulting from matters we consider not to be indicative of our ongoing operations.

Because of these limitations, Adjusted EBITDA should not be considered as a measure of discretionary cash available to us to invest in the growth of our business. We compensate for these limitations by relying primarily on our GAAP results and using Adjusted EBITDA only as a supplement to our GAAP results.

The ongoing war in Ukraine and the war recently commenced in the Middle East following the terrorist attack by Hamas, may impact the Company and its operations in a number of different ways, which are yet to be fully assessed and are therefore causing uncertainty. The Company works with third party sub-contractors for outsourced services, including software engineering and development, some of whom are based in Eastern Europe, including Ukraine. The Company also works with outsourced engineers and developers and third-party providers in other parts of the world, including the United States, Eastern Europe and Pakistan. While the continuing impact of these conflicts and the response of the United States and other countries to them by means of trade and economic sanctions, or other actions is still unknown, any disruption of our ability to work with such contractors caused by these conflicts could require the Company to seek alternative sub-contractors at short notice, which may give rise to additional costs and delays in delivering software and product upgrades.

The uncertainty impacting and potential interruption in energy and other supply chains resulting from military hostilities in Europe and the Middle East and the response of the United States and other countries to them by means of trade and economic sanctions, or other actions, may give rise to increases in costs of goods and services generally and may impact the market for our products as prospective customers reconsider additional capital expenditure, or other investment plans until the situation becomes clearer. On the other hand, the threat of increased cyber-attacks from Russia or other countries may prompt enterprises to adopt additional security measures such as those offered by the Company.

For so long as the hostilities continue and perhaps even thereafter as the situations in Europe and the Middle East unfold, we may see increased volatility in financial markets which may make it more difficult for the Company to raise additional capital at the time when it needs to do so, or for financing to be available on acceptable terms. All or any of these risks separately, or in combination, could have a material adverse effect on our business, financial condition, results of operations, and cash flows.

#### **Off-Balance Sheet Arrangements**

The Company has no off-balance sheet arrangements that are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is deemed by our management to be material to investors.

#### **Recent Accounting Policies**

The recent material accounting policies that may be the most critical to understanding of the financial results and conditions are discussed in Note 1 of the unaudited financial statements.

## ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

As a smaller reporting company, we are not required to include disclosure under this item.

#### ITEM 4. CONTROLS AND PROCEDURES.

#### **Evaluation of Disclosure Controls and Procedures**

As of the end of the period covered by this Quarterly Report, our Chief Executive Officer and Chief Financial Officer performed an evaluation of the effectiveness of our disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act. Based on the evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of September 30, 2023, as a result of a material weakness discussed below, the Company's disclosure controls and procedures were not effective to ensure that the information required to be disclosed by the Company in the report that it files or submits under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in SEC rules and forms.

#### Material Weakness in Internal Control Over Financial Reporting

During the quarter ended June 30, 2023, the Company identified a material weakness in its internal control over financial reporting related to the review of accounting treatment for the Convertible Notes conversion transaction, which occurred during the period. The Convertible Note conversion transaction which gave rise to this issue (See Note 6 "Convertible Notes Payable") was a complex and infrequent transaction, which requires particular accounting treatment. The correct accounting treatment was not immediately identified by the Company, due to the Company's limited resources available for advanced technical analysis and advice, similar to other companies of our size. The correct accounting treatment was identified and reflected prior to filing of the quarterly report on Form 10-Q for the quarter ended June 30, 2023 and no previously published financial statements were impacted by this issue.

Our plan to remediate this material weakness is to undertake a review of the Company's activities during each quarter in order to identify any potential complex accounting matters and then to engage a CPA advisory firm to review the proposed accounting treatment on any complex accounting matters that may arise in the future.

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

#### **Changes in Internal Control over Financial Reporting**

There were no changes in our internal control over financial reporting (as that term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during the nine months ended September 30, 2023 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## **ITEM 1. LEGAL PROCEEDINGS**

From time to time, the Company is a party to various legal or administrative proceedings arising in the ordinary course of business. While any litigation contains an element of uncertainty, we have no reason to believe the outcome of such proceedings will have a material adverse effect on the financial condition or results of operations of the Company.

#### **ITEM 1A. RISK FACTORS**

Risk factors describing the major risks to our business can be found under Item 1A, "Risk Factors", in our Annual Report on Form 10-K for the year ended December 31, 2022. Except as set forth below, which discusses a material weakness in our control over financial reporting as of September 30, 2023, and the recent outbreak of war in the Middle East following the terrorist attack by Hamas, there has been no material change in our risk factors from those previously discussed in the Annual Report on Form 10-K. We operate in a business environment that is sensitive to political, economic and regulatory uncertainty, including with respect to cybersecurity and infrastructure investment, all of which may also be compounded by any future global impact from the COVID-19 pandemic, the continuing wars in Ukraine and the Middle East and inflationary pressures, rising energy prices and increases in interest rates (see "*Covid 19*" and "*Ukraine and the Middle East*" above).

Our business is subject to changing regulations regarding corporate governance, disclosure controls, internal control over financial reporting and other compliance areas that will increase both our costs and the risk of noncompliance. If we fail to comply with these regulations, we could face difficulties in preparing and filing timely and accurate financial reports.

We are subject to the reporting requirements of the Securities Exchange Act of 1934, as amended, or the Exchange Act, the Sarbanes-Oxley Act and the Dodd-Frank Act. We are also subject to the corporate governance and other listing rules of the Nasdaq Stock Market. Maintaining compliance with these rules and regulations, particularly after we cease to be an emerging growth company, will increase our legal, accounting and financial compliance costs, will make some activities more difficult, time-consuming and costly and may also place increased strain on our personnel, systems and resources.

The Sarbanes-Oxley Act requires, among other things, that we maintain effective disclosure controls and procedures and at the time we cease to be an emerging growth company and a smaller reporting company, we will be required to provide attestation that we maintain effective disclosure controls and procedures by our registered public accounting firm. Any failure to develop or maintain effective controls, or any difficulties encountered in their implementation or improvement, could harm our operating results or cause us to fail to meet our reporting obligations. Any failure to implement and maintain effective internal control also could adversely affect the results of periodic management evaluations regarding the effectiveness of our internal control over financial reporting that are required to include in our periodic reports filed with the SEC, under Section 404(a) of the Sarbanes-Oxley Act or the annual auditor attestation reports regarding effectiveness of our internal controls over financial reporting that we will be required to include in our periodic reports filed with the SEC upon our ceasing to be an emerging growth company and a smaller reporting company, unless, under the JOBS Act, we meet certain criteria that would require such reports to be included prior to then, under Section 404(b) of the Sarbanes-Oxley Act. Ineffective disclosure controls and procedures and internal control over financial reporting could also cause investors to lose confidence in our reported financial and other information, which would likely have a negative effect on the trading price of shares of our Common Stock. In order to maintain the effectiveness of our disclosure controls and procedures and internal control over financial reporting going forward, we will need to expend significant resources and provide significant management oversight. There is a substantial effort involved in continuing to implement appropriate processes, document our system of internal control over relevant processes, assess their design, remediate any deficiencies identified and test their operation. As a result, management's attention may be diverted from other business concerns, which could harm our business, operating results and financial condition. These efforts will also involve substantial accounting-related costs. We may experience difficulty in meeting these reporting requirements in a timely manner.

As disclosed in Item 4 of this Quarterly Report, we had a material weakness in our control over financial reporting as of September 30, 2023. Management has taken action to implement a plan to remediate the various elements of this material weakness, with immediate effect in relation to the financial statements for the quarter and nine months ending September 30, 2023. The remediation plan is to undertake a review of the Company's activities during each quarter in order to identify any potential complex accounting matters and then to engage a CPA advisory firm to review the proposed accounting treatment on any complex accounting matters that may arise in the future. The Company engaged a CPA advisory firm to advise on certain complex accounting matters with respect to the financial statements for the three and nine month periods ending and as of September 30, 2023.

If we are unable to appropriately implement and maintain this remediation plan and maintain any other necessary controls currently in place or that we implement in the future and pending such implementation, or if any difficulties are encountered in their implementation or improvement, (1) our management might not be able to certify, and our independent registered public accounting firm might not be able to report on, the adequacy of our internal control over financial reporting, which would cause us to fail to meet our reporting obligations, (2) misstatements in our financial statements may occur that may not be prevented or detected on a timely basis and (3) we may be deemed to have significant deficiencies or material weaknesses, any of which could adversely affect our business, financial condition and results of operations.

Implementing any appropriate changes to our internal controls may require specific compliance training of our directors, officers and employees, entail substantial costs in order to modify our existing accounting systems, and take a significant period of time to complete. Such changes may not, however, be effective in maintaining the adequacy of our internal controls, and any failure to maintain that adequacy, or consequent inability to produce accurate financial statements on a timely basis, could increase our operating costs and could materially impair our ability to operate our business. In the event that we are not able to demonstrate compliance with Section 404 of the Sarbanes-Oxley Act in a timely manner, our internal controls are perceived as inadequate or that we are unable to produce timely or accurate financial statements, our stock price could decline and we could be subject to sanctions or investigations by the SEC or other regulatory authorities, which would require additional financial and management resources.

#### Adopted October 6, 2023

# GENERAL STATEMENT OF POLICY:

- Honesty and candor in our activities, including observance of the spirit, as well as the letter of the law;
- Avoidance of conflicts between personal interests and the interests of the Company, or even the appearance of such conflicts;
- Avoidance of Company payments to candidates running for government posts or other government officials;
- Compliance with generally accepted accounting principles and controls;
- Maintenance of our reputation and avoidance of activities which might reflect adversely on the Company; and
- Integrity in dealing with the Company's assets.

References to "authID Inc.", "authID" or the "Company" are intended to refer only to authID Inc. and its subsidiaries. The term "associate" shall include all directors, officers and employees and any spouse, children, any dependents, or any person or entity acting as the agent or fiduciary for any of the foregoing, through which an associate may receive direct or indirect personal benefit.

# A. HONESTY, CANDOR AND OBSERVANCE OF LAWS

# a. VIOLATIONS OF THE CODE OF ETHICS

Violations of the Code of Ethics or any of the Company's rules of conduct in effect will constitute grounds for disciplinary action, up to and including termination. Associates are expected to act fairly and honestly in all transactions with the Company and with others and to maintain the high ethical standards of the Company in accordance with this Code of Ethics.

# b. DISCOVERY OF VIOLATIONS OF THE CODE OF ETHICS OR ILLEGAL ACTIVITIES

Discovery of events of a questionable, fraudulent or illegal nature or which appear to be in violation of the Code of Ethics must be promptly reported. Failure to report such events also constitutes a violation of the Code of Ethics.

Associates are encouraged to report concerns of internal fraud — whether it is a suspicion of theft, accounting irregularities or violations of the law — through a choice of confidential reporting processes outlined in the Company's Whistleblower Policy.

Retaliation against any associate who files a claim of internal fraud will not be tolerated. Any act of retaliation will be subject to corrective action up to and including immediate termination.

# c. COMPLIANCE WITH LAWS AND REGULATIONS

The Company strives to comply with all the laws and regulations that are applicable to its business. As a good citizen, the Company emphasizes good faith efforts to follow the spirit and intent of the law.

d. CANDOR AMONG ASSOCIATES AND IN DEALING WITH AUDITORS AND COUNSEL

Senior management of the Company must be informed at all times of matters that might adversely affect the reputation of the Company, regardless of the source of such information. Concealment may be considered a signal that the Company's policies and rules can be ignored, and such conduct cannot be tolerated. Moreover, complete candor is essential in dealing with the Company's independent auditors and attorneys.

# B. CONFLICTS OF INTEREST

# a. CONFLICTS OF INTEREST, GENERALLY

- i. The primary principle underlying the Company's conflicts of interest policies is that associates, and officers in particular, must never permit their personal interests to conflict or appear to conflict with the interests of the Company or its customers.
- ii. No associate of authID, nor any member of their family, should accept any form of compensation from, be employed by or act as a consultant to, or have any ownership in, a vendor of authID, or any competitor of authID, without the express approval of authID's Chief Executive Officer. Generally speaking, associates and family members (including spouses, children, parents and siblings) should avoid any financial interest in a non-publicly owned vendor or competitor. If such interest does exist, subject to CEO approval, it should be limited to one-tenth of one percent of the entity's (vendor or competitor) outstanding securities and a maximum of ten percent of the associate or family member's total assets.
- iii. No associate may act on behalf of the Company in any transaction involving persons or organizations with whom he/she or his/her family has any significant connection or financial interest.
- iv. Officers and Directors are subject to higher standards of review for interested-party transactions. All such transactions must be openly disclosed to a disinterested majority of the Board of Directors and subject to a rigorous independent review.
- v. Any associate in a conflict situation should discuss the matter with his or her immediate supervisor or should contact their Executive Staff representative. Usually, associates will be required to remove themselves from a conflict situation.
- b. RECEIPT OR PAYMENT OF BRIBES, COMMISSIONS, HONORARIUMS, LOANS, GIFTS, GRATUITIES AND ENTERTAINMENT
  - i. The Company does not permit or condone bribes, kickbacks, improper commissions, honorariums, loans, gifts, gratuities or any other illegal, secret, or improper payments, transfers or receipts.

- ii. No associate may accept a gift other than of nominal value directly or indirectly, in any form, from a supplier or prospective supplier.
- iii. As a general rule, no associate may accept a gift from any customer or prospective customer of the Company. Under no circumstances should an associate request or otherwise solicit from any customer, supplier or prospective customer or supplier, any gifts or similar gratuities, regardless of monetary worth.

# c. CORPORATE HOSPITALITY TO THE PUBLIC OFFICIALS

- i. Acts of hospitality toward public officials should never be on such a scale or of such a nature as might tend to compromise or give the impression of compromising the integrity or the reputation of either the public official or the Company.
- ii. In no event shall authID's name be used to enhance an associate's own political opportunities.

# d. DEALING WITH PROSPECTIVE SUPPLIERS

i. Associates must award orders, contracts and commitment to suppliers of goods or services without favoritism. Company business of this nature must be conducted strictly on the basis of merit.

# e. FAIR COMPETITION

i. Under no circumstances should associates enter into arrangements with the Company's competitors affecting pricing or marketing arrangements. Such arrangements are illegal under federal and state antitrust laws.

# f. CONDUCT WITH COMPETITORS

i. In all contacts with competitors, whether at trade/business association meetings or in other venues, do not discuss pricing policy, contract terms, costs, inventories, marketing and product plans, market surveys and studies, production plans and capabilities; and, of course, any other proprietary or confidential information.

Discussion of these subjects or collaboration on them with competitors can be illegal. If a competitor raises any of them, even lightly or with apparent innocence, you should object, stop the conversation immediately, and tell the competitor that under no circumstances will you discuss these matters.

In summary, disassociate yourself and authID from participation in any possibly illegal activity with competitors; confine your communication to what is clearly legal and proper. If necessary, you should leave the meeting. Finally, report immediately to the Chief Financial Officer or General Counsel any incident involving a prohibited subject.

Accidental, casual or social contact with competitors can be suspect and considered circumstantial evidence of a conspiracy.

# g. PERSONAL FEES AND COMMISSIONS

i. No associate may accept personal fees or commissions from third parties in connection with any transactions on behalf of the Company. The acceptance of payments from suppliers requires the prior written approval of the Chief Financial Officer.

## h. WORK RELATIONSHIPS

- i. No associate shall give or receive any special consideration to the conditions of employment of another associate due to family or personal relationships.
- ii. No employment decisions, whether they be decisions to hire, employ, promote, transfer, change compensation, or bar or discharge from employment, shall be based in whole or in part upon considerations of age, race, creed, color, national origin, sex, pregnancy, disability, sexual orientation, veteran or marital status or any other category protected under federal, state or local law, regulation or ordinance of any individual, unless based upon a bona fide occupational qualification or other exception.

# C. CONFIDENTIALITY

# a. CONFIDENTIAL INFORMATION CONCERNING THE COMPANY

# AUTHID INC. POLICY FOR THE RECOVERY OF ERRONEOUSLY AWARDED COMPENSATION

# A. **OVERVIEW**

In accordance with the applicable rules of The Nasdaq Stock Market (the "*Nasdaq Rules*"), Section 10D and Rule 10D-1 of the Securities Exchange Act of 1934, as amended (the "*Exchange Act*") ("*Rule 10D-1*"), the Board of Directors (the "*Board*") of authID Inc. (the "*Company*") has adopted this Policy (the "*Policy*") to provide for the recovery of erroneously awarded Incentive-based Compensation from Covered Persons. All capitalized terms used and not otherwise defined herein shall have the meanings set forth in Section H, below.

# B. RECOVERY OF ERRONEOUSLY AWARDED COMPENSATION

(1) In the event of an Accounting Restatement, the Company will reasonably promptly recover the Erroneously Awarded Compensation Received in accordance with Nasdaq Rules and Rule 10D-1 as follows:

- (i) After an Accounting Restatement, the Compensation Committee (if composed entirely of independent directors, or in the absence of such a committee, a majority of independent directors serving on the Board) (the "*Committee*") shall determine the amount of any Erroneously Awarded Compensation Received by each Covered Person and shall promptly notify each Covered Person with a written notice containing the amount of any Erroneously Awarded Compensation and a demand for repayment or return of such compensation, as applicable.
- (ii) For Incentive-based Compensation based on (or derived from) the Company's stock price or total shareholder return, where the amount of Erroneously Awarded Compensation is not subject to mathematical recalculation directly from the information in the applicable Accounting Restatement:
  - (a) The amount to be repaid or returned shall be determined by the Committee based on a reasonable estimate of the effect of the Accounting Restatement on the Company's stock price or total shareholder return upon which the Incentive-based Compensation was Received; and
  - (b) The Company shall maintain documentation of the determination of such reasonable estimate and provide the relevant documentation as required to the Nasdaq.
- (iii) The Committee shall have discretion to determine the appropriate means of recovering Erroneously Awarded Compensation based on the particular facts and circumstances. Notwithstanding the foregoing, except as set forth in Section B(2) below, in no event may the Company accept an amount that is less than the amount of Erroneously Awarded Compensation in satisfaction of a Covered Person's obligations hereunder. The method for recovering Erroneously Awarded Compensation hereunder may include, without limitation, any one or more of the following:
  - (a) requiring reimbursement of cash Incentive-Based Compensation previously paid;
  - (b) seeking recovery of any gain realized on the vesting, exercise, settlement, sale, transfer, or other disposition of any equity-based awards;

- (c) cancelling or rescinding some or all outstanding vested or unvested equity-based awards;
- (d) adjusting or withholding from unpaid compensation or other set-off;
- (e) cancelling or offsetting against planned future grants of equity-based awards; and/or
- (f) any other method permitted by applicable law or contract.

Notwithstanding the foregoing, a Covered Person will be deemed to have satisfied such person's obligation to return Erroneously Awarded Compensation to the Company if such Erroneously Awarded Compensation is returned in the exact same form in which it was received; provided that equity withheld to satisfy tax obligations will be deemed to have been received in cash in an amount equal to the tax withholding payment made.

- (iv) To the extent that the Covered Person has already reimbursed the Company for any Erroneously Awarded Compensation Received under any duplicative recovery obligations established by the Company or applicable law, it shall be appropriate for any such reimbursed amount to be credited to the amount of Erroneously Awarded Compensation that is subject to recovery under this Policy.
- (v) To the extent that a Covered Person fails to repay all Erroneously Awarded Compensation to the Company when due, the Company shall take all actions reasonable and appropriate to recover such Erroneously Awarded Compensation from the applicable Covered Person. The applicable Covered Person shall be required to reimburse the Company for any and all expenses reasonably incurred (including legal fees) by the Company in recovering such Erroneously Awarded Compensation in accordance with the immediately preceding sentence.

(2) Notwithstanding anything herein to the contrary, the Company shall not be required to take the actions contemplated by Section B(1) above if the Committee (which, as specified above, is composed entirely of independent directors or in the absence of such a committee, a majority of the independent directors serving on the Board) determines that recovery would be impracticable *and* any of the following two conditions are met:

- (i) The Committee has determined that the direct expenses paid to a third party to assist in enforcing the Policy would exceed the amount to be recovered. Before making this determination, the Company must make a reasonable attempt to recover the Erroneously Awarded Compensation, documented such attempt(s) and provided such documentation to Nasdaq; or
- (ii) Recovery would likely cause an otherwise tax-qualified retirement plan, under which benefits are broadly available to employees of the Company, to fail to meet the requirements of Section 401(a)(13) or Section 411(a) of the Internal Revenue Code of 1986, as amended, and regulations thereunder.

# C. **DISCLOSURE REQUIREMENTS**

The Company shall file all disclosures with respect to this Policy required by applicable U.S. Securities and Exchange Commission ("SEC") filings and rules.

# D. **PROHIBITION OF INDEMNIFICATION**

The Company shall not be permitted to insure or indemnify any Covered Person against (i) the loss of any Erroneously Awarded Compensation that is repaid, returned or recovered pursuant to the terms of this Policy, or (ii) any claims relating to the Company's enforcement of its rights under this Policy. Further, the Company shall not enter into any agreement that exempts any Incentive-based Compensation that is granted, paid or awarded to a Covered Person from the application of this Policy or that waives the Company's right to recovery of any Erroneously Awarded Compensation, and this Policy shall supersede any such agreement (whether entered into before, on or after the Effective Date of this Policy).

# E. ADMINISTRATION AND INTERPRETATION

This Policy shall be administered by the Committee, and any determinations made by the Committee shall be final and binding on all affected individuals.

The Committee is authorized to interpret and construe this Policy and to make all determinations necessary, appropriate, or advisable for the administration of this Policy and for the Company's compliance with Nasdaq Rules, Section 10D, Rule 10D-1 and any other applicable law, regulation, rule or interpretation of the SEC or Nasdaq promulgated or issued in connection therewith.

#### F. AMENDMENT; TERMINATION

The Committee may amend this Policy from time to time in its discretion and shall amend this Policy as it deems necessary. Notwithstanding anything in this Section F to the contrary, no amendment or termination of this Policy shall be effective if such amendment or termination would (after taking into account any actions taken by the Company contemporaneously with such amendment or termination) cause the Company to violate any federal securities laws, SEC rule or Nasdaq rule.

# G. OTHER RECOVERY RIGHTS

This Policy shall be binding and enforceable against all Covered Persons and, to the extent required by applicable law or guidance from the SEC or Nasdaq, their beneficiaries, heirs, executors, administrators or other legal representatives. The Committee intends that this Policy will be applied to the fullest extent required by applicable law. Any employment agreement, equity award agreement, compensatory plan or any other agreement or arrangement with a Covered Person shall be deemed to include, as a condition to the grant of any benefit thereunder, an agreement by the Covered Person to abide by the terms of this Policy. Any right of recovery under this Policy is in addition to, and not in lieu of, any other remedies or rights of recovery that may be available to the Company under applicable law, regulation or rule or pursuant to the terms of any policy of the Company or any provision in any employment agreement, equity award agreement, other arrangement.

#### H. **DEFINITIONS**

For purposes of this Policy, the following capitalized terms shall have the meanings set forth below.

(1) "Accounting Adjustment" means a material change to a Financial Reporting Measure which is not based on the accounting principles used in preparing the Company's financial statements, such as Booked Annual Recurring Revenue, where such change results from a determination that such Financial Measure was incorrectly calculated when originally published, based on the facts that were known to management at the time of such original publication.

(2) "*Accounting Restatement*" means (i) an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the securities laws, including any required accounting restatement to correct an error in previously issued financial statements that is material to the previously issued financial statements, or that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period and (ii) an Accounting Adjustment.

(3) "*Clawback Eligible Incentive Compensation*" means all Incentive-based Compensation Received by a Covered Person (i) on or after the effective date of the applicable Nasdaq rules, (ii) after beginning service as a Covered Person, (iii) who served as a Covered Person at any time during the applicable performance period relating to any Incentive-based Compensation (whether or not such Covered Person is serving at the time the Erroneously Awarded Compensation is required to be repaid to the Company), (iv) while the Company has a class of securities listed on a national securities exchange or a national securities association, and (v) during the applicable Clawback Period (as defined below).

(4) "*Clawback Period*" means, with respect to any Accounting Restatement, the three completed fiscal years of the Company immediately preceding the Restatement Date (as defined below), and if the Company changes its fiscal year, any transition period of less than nine months within or immediately following those three completed fiscal years.

(5) "*Covered Person*" means any Executive Officer and any employee of the Company or a subsidiary of the Company holding the title of Chief Officer, Senior Vice President or Executive Vice President, or any other person designated as a Covered Person by the Compensation Committee at the time of the award of Incentive-Based Compensation. A person's status as a Covered Person with respect to Erroneously Awarded Compensation shall be determined as of the time of receipt of such Erroneously Awarded Compensation regardless of the person's current role or status with the Company (e.g., if a person began service as an Executive Officer after the beginning of an Applicable Recovery Period, that person would not be considered a Covered Person with respect to Erroneously Awarded Compensation received before the person began service as an Executive Officer, but would be considered a Covered Person with respect to Erroneously Awarded Compensation received after the person began service as an Executive Officer where such person served as an Executive Officer at any time during the performance period for such Erroneously Awarded Compensation).

(6) "*Erroneously Awarded Compensation*" means, with respect to each Covered Person in connection with an Accounting Restatement, the amount of Clawback Eligible Incentive Compensation that exceeds the amount of Incentive-based Compensation that otherwise would have been received had it been determined based on the restated amounts, computed without regard to any taxes paid.

(7) "*Executive Officer*" means each individual who is currently or was previously designated as an "officer" of the Company as defined in Rule 16a-1(f) under the Exchange Act. For the avoidance of doubt, the identification of an executive officer for purposes of this Policy shall include each executive officer who is or was identified pursuant to Item 401(b) of Regulation S-K or Item 6.A of Form 20-F, as applicable, as well as the principal financial officer and principal accounting officer (or, if there is no principal accounting officer, the controller).

(8) "*Financial Reporting Measures*" means measures that are determined and presented in accordance with the accounting principles used in preparing the Company's financial statements, and all other measures that are derived wholly or in part from such measures. Stock price and total shareholder return (and any measures that are derived wholly or in part from stock price or total shareholder return) as well as Booked Annual Recurring Revenue and any other measure designated by the Compensation Committee as a Financial Reporting Measure, shall for purposes of this Policy, be considered Financial Reporting Measures. For the avoidance of doubt, a Financial Reporting Measure need not be presented in the Company's financial statements or included in a filing with the SEC.

(9) "*Incentive-based Compensation*" means any compensation that is granted, earned or vested based wholly or in part upon the attainment of a Financial Reporting Measure.

(10) "Nasdaq" means The Nasdaq Stock Market.

(11) "*Received*" means, with respect to any Incentive-based Compensation, actual or deemed receipt, and Incentive-based Compensation shall be deemed received in the Company's fiscal period during which the Financial Reporting Measure specified in the Incentive-based Compensation award is attained, even if the payment or grant of the Incentive-based Compensation to the Covered Person occurs after the end of that period.

(12) "*Restatement Date*" means the earlier to occur of (i) the date the Board, a committee of the Board or the officers of the Company authorized to take such action if Board action is not required, concludes, or reasonably should have concluded, that the Company is required to prepare an Accounting Restatement, or (ii) the date a court, regulator or other legally authorized body directs the Company to prepare an Accounting Restatement.

Effective as of October 6, 2023.
