NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT
ACCOUNTING POLICIES

NATURE OF OPERATIONS

Silverwood Acquisition Corporation ("Silverwood" or "the Company") was incorporated on September 21, 2011 under the laws of the State of Delaware to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions. Silverwood has been in the developmental stage since inception and its operations to date have been limited to issuing shares to its original shareholders. Silverwood will attempt to locate and negotiate with a business entity for the combination of that target company with Silverwood. The combination will normally take the form of a merger, stock-for-stock exchange or stock-for-assets exchange. In most instances the target company will wish to structure the business combination to be within the definition of a tax-free reorganization under Section 351 or Section 368 of the Internal Revenue Code of 1986, as amended. No assurances can be given that Silverwood will be successful in locating or negotiating with any target company. Silverwood has been formed to provide a method for a foreign or domestic private company to become a reporting company with a class of securities registered under the Securities Exchange Act of 1934.

BASIS OF PRESENTATION

The accompanying unaudited financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC") for interim financial information. Accordingly, they do not include all of the information and notes required by U.S. GAAP for complete financial statements. The accompanying unaudited financial statements include all adjustments, composed of normal recurring adjustments, considered necessary by management to fairly state our results of operations, financial position and cash flows. The operating results for interim periods are not necessarily indicative of results that may be expected for any other interim period or for the full year. These unaudited financial statements should be read in conjunction with the financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2011 (2011 Form 10-K) as filed with the SEC.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

CONCENTRATION OF RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash. The Company places its cash with high quality banking institutions. The Company did not have cash balances in excess of the Federal Deposit Insurance Corporation limit as of June 30, 2012 and December 31, 2011.

INCOME TAXES

Under ASC 740, "Income Taxes", deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to

Silverwood Acquisition Corporation
(A DEVELOPMENT STAGE COMPANY)
Notes to Financial Statements
(unaudited)

taxable income in the years in which those temporary differences are expected to be recovered or settled. Valuation allowances are established when it is more likely than not that some or all of the deferred tax assets will not be realized.

LOSS PER COMMON SHARE

Basic loss per common share excludes dilution and is computed by dividing net loss by the weighted average number of common shares outstanding during the period. Diluted loss per common share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the loss of the entity. As of June 30, 2012 and December 31, 2011, there are no outstanding dilutive securities.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company follows guidance for accounting for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements on a recurring basis. Additionally, the Company adopted guidance for fair value measurement related to nonfinancial items that are recognized and disclosed at fair value in the financial statements on a nonrecurring basis. The guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability. The Company monitors the market conditions and evaluates the fair value hierarchy levels at least quarterly. For any transfers in and out of the levels of the fair value hierarchy, the Company elects to disclose the fair value measurement at the beginning of the reporting period during which the transfer occurred.

The Company's financial instruments include cash and accrued liabilities. The estimated fair value of these instruments approximates its carrying amount due to the short maturity of these instruments.

NOTE 2 - GOING CONCERN

The Company has sustained operating losses since inception. It has an accumulated deficit of \$2,843 as of June 30, 2012. The Company's continuation as a going concern is dependent on its ability to generate sufficient cash flows from operations to meet its obligations, which it has not been able to accomplish to date, and /or obtain additional financing from its stockholders and/or other third parties.

Silverwood Acquisition Corporation
(A DEVELOPMENT STAGE COMPANY)
Notes to Financial Statements
(unaudited)

These financial statements have been prepared on a going concern basis, which implies the Company will continue to meet its obligations and continue its operations for the next fiscal year. The continuation of the Company as a going concern is dependent upon financial support from its stockholders, the ability of the Company to obtain necessary equity financing to continue operations, successfully locating and negotiate with a business entity for the combination of that target company with the Company.

Tiber Creek Corporation, a company affiliated with management, will pay all expenses incurred by the Company until a business combination is effected, without repayment. There is no assurance that the Company will ever be profitable. The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should the Company be unable to continue as a going concern.

NOTE 3 - RECENT ACCOUNTING PRONOUNCEMENTS

Adopted

In May 2011, the FASB issued ASU 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards (IFRS) of Fair Value Measurement Topic 820." ASU 2011-04 is intended to provide a consistent definition of fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRS. The amendments include those that clarify the FASB's intent about the application of existing fair value measurement and disclosure requirements, as well as those that change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. This update is effective for annual and interim periods beginning after December 15, 2011. The adoption of this ASU did not have a material impact on the company's financial statements.

Not Adopted

In December 2011, the FASB issued ASU No. 2011-11: Balance Sheet (Topic 210): Disclosures about Offsetting Assets and Liabilities, which requires new disclosure requirements mandating that entities disclose both gross and net information about instruments and transactions eligible for offset in the statement of financial position as well as instruments and transactions subject to an agreement similar to a master netting arrangement. In addition, the standard requires disclosure of collateral received and posted in connection with master netting agreements or similar arrangements. This ASU is effective for annual reporting periods beginning on or after January 1, 2013, and interim periods within those annual periods. Entities should provide the disclosures required retrospectively for all comparative periods presented. We are currently evaluating the impact of adopting ASU 2011-11 on the consolidated financial statements.

The FASB issued Accounting Standards Update (ASU) No. 2012-02---Intangibles---Goodwill and Other (Topic 350): Testing Indefinite-Lived Intangible Assets for Impairment, on July 27, 2012, to simplify the testing for a drop in value of intangible assets such as trademarks, patents, and distribution rights. The amended standard reduces the cost of accounting for indefinite-lived intangible assets, especially in cases where the likelihood of impairment is low. The changes permit businesses and other organizations to first use subjective criteria to determine if an intangible asset has lost value. The amendments to U.S. GAAP will be effective for fiscal years starting after September 15, 2012. Early adoption is permitted. We are currently evaluating the impact of adopting ASU 2012-02 on the consolidated financial statements.

Silverwood Acquisition Corporation
(A DEVELOPMENT STAGE COMPANY)
Notes to Financial Statements
(unaudited)

Other recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force), the American Institute of Certified Public Accountants, and the United States Securities and Exchange Commission did not or are not believed by management to have a material impact on the Company's present or future financial statements.

NOTE 4 STOCKHOLDER'S EQUITY

The Company is authorized to issue 100,000,000 shares of common stock and 20,000,000 shares of preferred stock. As of June 30, 2012, 20,000,000 shares of common stock and no preferred stock were issued and outstanding.

There were no equity transactions during the six months ended June 30, 2012.

NOTE 5 SUBSEQUENT EVENT

On April 16, 2012, Tiber Creek Corporation is in negotiations with American Performance Technologies, LLC.

Pursuant to the agreement, shares of each of the two current shareholders of Silverwood Acquisition will be redeemed leaving each such original shareholders with 75,000 shares of common stock. The current directors will resign and new officers and directors will be appointed. American Performance Technologies will be issued shares of common stock as designated by it.

The change in control has not yet occurred as of June 30, 2012.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS

Silverwood Acquisition Corporation ("Silverwood") was incorporated on September 21, 2011 under the laws of the State of Delaware to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions. Silverwood has been in the developmental stage since inception and its operations to date have been limited to issuing shares to its original shareholders and filing a registration statement on Form 10 with the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934 as amended on January 27, 2012 to register its class of common stock. Silverwood has been formed to provide a method for a foreign or domestic private company to become a reporting company with a class of securities registered under the Securities Exchange Act of 1934.

The president of Silverwood is the president, director and shareholder of Tiber Creek Corporation. Tiber Creek Corporation assists companies in becoming public reporting companies and with introductions to the financial community. In order to become a trading company, Tiber Creek Corporation may recommend that a company file a registration statement, most likely on Form S-1, following a business combination with the target company.

Tiber Creek will typically enter into an agreement with the target company for assisting it to become a public reporting company and for the preparation and filing of a registration statement and the introduction to brokers and market makers. The target company pays Tiber Creek Corporation for such services. Such services include, if appropriate, the use of Silverwood. Silverwood will only be used as part of such process and is not offered for sale. If the target company chooses to enter into business combination with Silverwood, the registration statement will be prepared after such business combination. The terms of a business combination may provide for redemption of all or part of their stock in Silverwood, usually at par.

The most likely target companies are those seeking the perceived benefits of a reporting corporation. Such perceived benefits may include facilitating or improving the terms on which additional equity financing may be sought, providing liquidity for incentive stock options or similar benefits to key employees, increasing the opportunity to use securities for acquisitions, providing liquidity for shareholders and other factors.

Business opportunities may be available in many different industries and at various stages of development, all of which will make the task of comparative investigation and analysis of such business opportunities difficult and complex.

In analyzing prospective business opportunities, Silverwood may consider such matters as the available technical, financial and managerial resources; working capital and other financial requirements; history of operations, if any; prospects for the future; nature of present and expected competition; the quality and experience of management services which may be available and the depth of that management; the potential for further research, development, or exploration; specific risk factors not now foreseeable but which may be anticipated; the potential for growth or expansion; the potential for profit; the perceived public recognition or acceptance of products, services, or trades; name identification; and other relevant factors. This discussion of the proposed criteria is not meant to be restrictive of the virtually unlimited discretion of Silverwood to search for and enter into potential business opportunities.

A combination will normally take the form of a merger, stock-for-stock exchange or stock-for-assets exchange. In most instances the target company will wish to structure the business combination to be within the definition of a tax-free reorganization under Section 351 or Section 368 of the Internal Revenue Code of 1986, as amended.

Silverwood has, and will continue to have, no capital with which to provide the owners of business entities with any cash or other assets. However, Silverwood offers owners of acquisition candidates the opportunity to acquire a controlling ownership interest in a reporting company.

As of June 30, 2012, Silverwood has not generated revenues and has no income or cash flows from operations since inception. The continuation of Silverwood as a going concern is dependent upon financial support from its stockholders, its ability to obtain necessary equity financing to

continue operations, to successfully locate and negotiate with a business entity for the combination of that target company with Silverwood. Tiber Creek Corporation will pay all expenses incurred by Silverwood until a change in control is effected, without repayment.

On April 16, 2012, Tiber Creek Corporation entered into an agreement with American Performance Technologies, LLC, which agreement includes the use of a reporting company, most likely Silverwood Acquisition Corporation.

Pursuant to the agreement, shares of each of the two current shareholders will be redeemed leaving each such original shareholder with 75,000 shares of common stock. The current directors will resign and new officers and directors will be appointed. American Performance Technologies will be issued shares of common stock as designated by it.

The change in control has not yet occurred and a Form 8-K will be filed when such change does occur.

ITEM 3. Quantitative and Qualitative Disclosures About Market Risk.

Information not required to be filed by Smaller reporting companies.

ITEM 4. Controls and Procedures.

Disclosures and Procedures

Pursuant to Rules adopted by the Securities and Exchange Commission, the Company carried out an evaluation of the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Exchange Act Rules. This evaluation was done as of the end of the period covered by this report under the supervision and with the participation of the Company's principal executive officer (who is also the principal financial officer).

Based upon that evaluation, he believes that the Company's disclosure controls and procedures are effective in gathering, analyzing and disclosing information needed to ensure that the information required to be disclosed by the Company in its periodic reports is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Act is accumulated and communicated to the issuer's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

This Quarterly Report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this Quarterly Report.

Changes in Internal Controls

There was no change in the Company's internal control over financial reporting that was identified in connection with such evaluation that occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II -- OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

There are no legal proceedings against the Company and the Company is unaware of such proceedings contemplated against it.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

During the past three years, Silverwood has issued 20,000,000 common shares pursuant to Section 4(2) of the Securities Act of 1933 for an aggregate purchase price of \$2,000 as follows:

On September 21, 2011, Silverwood issued the following shares of its common stock:

Name	Number of Shares	Consideration
Tiber Creek Corporation	10,000,000	\$1,000
MB Americus LLC	10,000,000	\$1,000

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

Not applicable.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

Not applicable.

ITEM 5. OTHER INFORMATION

- (a) Not applicable.
- (b) Item 407(c)(3) of Regulation S-K:

During the quarter covered by this Report, there have not been any material changes to the procedures by which security holders may recommend nominees to the Board of Directors.

ITEM 6. EXHIBITS

- (a) Exhibits
 - 31 Certification of the Chief Executive Officer and Chief Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
 - 32 Certification of the Chief Executive Officer and Chief Financial Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

SILVERWOOD ACQUISITION CORPORATION

By: /s/ James M. Cassidy
President, Chief Financial Officer

Dated: August 10, 2012

CERTIFICATION PURSUANT TO SECTION 906

Pursuant to 18 U.S.C. Section 1350 as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, I, the undersigned officer of Silverwood Acquisition Corporation (the "Company"), hereby certify to my knowledge that:

The Report on Form 10-Q for the period ended June 30, 2012 of the Company fully complies, in all material respects, with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934, and the information contained in the Report fairly represents, in all material respects, the financial condition and results of operations of the Company.

A signed original of this written statement required by Section 906 has been provided to the Company and will be retained by the Company and furnished to the Securities and Exchange Commission or its staff upon request.

/s/ James Cassidy
Chief Executive Officer
Chief Financial Officer

Date: August 10, 2012

CERTIFICATION PURSUANT TO SECTION 302

I, James Cassidy, certify that:

1. I have reviewed this Form 10-Q of Silverwood Acquisition Corporation.
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluations; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Date: August 10, 2012
